PROFILE

Digital marketing and creative professional with experience in social media management, branding, content creation, photo and video editing, and front-end support. Experienced in producing promotional content for client campaigns and creator-focused accounts, while using AI tools to improve content ideation, workflow efficiency, and creative execution.

WORK EXPERIENCE

IT / Social Media Manager & Content Editor

Rcruit Asia | Rodriguez, Rizal | 2024 – 2026

- Edited photos and videos for social media campaigns, digital promotions, and brand content.
- Handled marketing support for client creator accounts, including OnlyFans models, by preparing promotional visuals and short-form content.
- Posted and repurposed content across social media platforms while maintaining brand consistency.
- Assisted with content planning, basic market research, and campaign execution.
- Supported front-end / UI tasks for web and mobile projects when needed.

Video Editor / Mobile Tester (Internship)

Titan Technologies | Quezon City | Feb 2024 – May 2024

- Tested mobile applications across multiple devices and documented issues using Trello.
- Edited promotional videos in CapCut and designed photo-based assets in Canva for the Bagong Montalban app.

Android Mobile App Developer

Independent Project | Oct 2025 – Mar 2026

- Developed Farm Paradise, a Flutter-based Android application with game logic, coin management, and Google AdMob integration.
- Focused on responsive UI, smooth performance, and user engagement.

EDUCATION

Bachelor of Science in Information Technology

Colegio de Montalban
